Profile

I am a motivated IT student pursuing a Bachelor's degree in Computer Science and Information Technology, with hands-on experience in academic projects and a professional internship as a WordPress developer. Proficient in various programming languages and well-versed in the software development life cycle, I am eager to contribute to innovative projects and apply my skills in real-world IT environments. I aim to grow continuously, both technically and professionally by working in a dynamic, growth-oriented organization.

Experience

ACADEMIC & PERSONAL PROJECTS

- Personal Portfolio website using HTML, CSS and JavaScript.
- E-commerce website using php and MySQL.
- Garbage Management System using php.
- Movies Recommendation System using php and Python.

WORDPRESS DEVELOPER INTERN

Yoddha Lab Pvt Ltd. (Duration: 3 Months)

- Contributed to the design, development, and maintenance of multiple WordPress websites during the internship.
- Collaborated with the UI/UX team to solve design-related challenges and implement visually appealing and user-friendly solutions.
- Worked on various components including theme customization, plugin integration, UI/UX improvements, and performance optimization.
- Gained practical experience in responsive design, SEO optimization, and website performance enhancement.
